PROJECTS

- **Galleria - An images website**   *(https://galleria-using-nextjs.vercel.app/)*
  Developed a website using Next.js where users can browse and download images from photographers and view their profiles. Integrated the Unsplash API to access a wide range of high-quality images.

- **Hila Creations - Handmade paintings**   *(Shopify - https://hilacreations.com/)*
  I built this elegant Shopify store from the ground up, handling everything from creating all pages, setting up product filters and apps for additional functionality, and configuring all the settings and schema to create a smooth shopping experience.

- **Magna Laboratories - Pathology laboratory services**   *(WordPress - https://magnalabs.co.uk/)*
  Transformed an Adobe Photoshop design into a live WordPress site using the WPBakery plugin and integrated forms with WPForms. Additionally, optimized the website's speed for better performance.

- **React E-commerce Store**   *(React - https://hilacreations.com/)*
  Built an eCommerce store using React JS. Used React's Context API for state management. Added features like adding and removing items from the cart, updating quantities, and placing orders.

ACHIEVEMENTS / HOBBIES

- **Achievements:** Earn a React Developer certification from Academind by Maximilian Schwarzmüller on Udemy.
- **Hobbies:** In my free time, I'm either smashing boundaries on the cricket field or immersing myself in the world of anime and music to relax my mind and body.
